Congratulations to the class of '57!
For many, many years that we like to remember,
we have extended our good wishes to
graduating classes . . . have had the pleasure of
serving a large number of its members as
each has found his niche in this community.
Gilmore's is proud to be a part of the community
. . . we've watched it grow and have grown
with it. Just as you have ideals for its future,
we hope to continue to serve it well in the years
that lie ahead.

DIGGING FOR FACTS
-VS- HEARSAY

An object of education is to instill in the student a respect for facts, and a desire to search them out. What has this to do with banking? Here are two applications.

One. The general public thinks that banking is a slow, poorly paid profession; one that graduates should not enter. Actually, a 1947 survey shows that proportionately more graduates who went into banking reached the $7,500 and over bracket than the men in any other business. (Salaries are higher now, of course.) America needs more and more ambitious beginners in banking.

Two. Not enough people make full use of bank services because they don't dig for the facts about them. They could come in for correct information about investments. They could learn about trust services—when and how to use them. They are apt to use only the routine services. Don't be that type of graduate.

BANKING THRIVES ON FACTS AND THEIR APPLICATION.

Boys and Girls . . .

. . . In Demonstration

The Gym Demonstration is put on every year by the combined Boys' and Girls' Physical Education Departments of Oak Park and River Forest High School.

This year the boys demonstrated track activities, relays, tumbling, wrestling, calisthenics, and some very entertaining games.

The program presented by the girls included marching patterns, rope jumping, rhythmical exercises with wands, modern dances, and folk dances, all in time to selected music. The girls also showed various skills in ball handling and played a demonstration game of speed-a-way.

Everything in the Demonstration provided an example for the audience of what the boys and girls do in their gym classes.

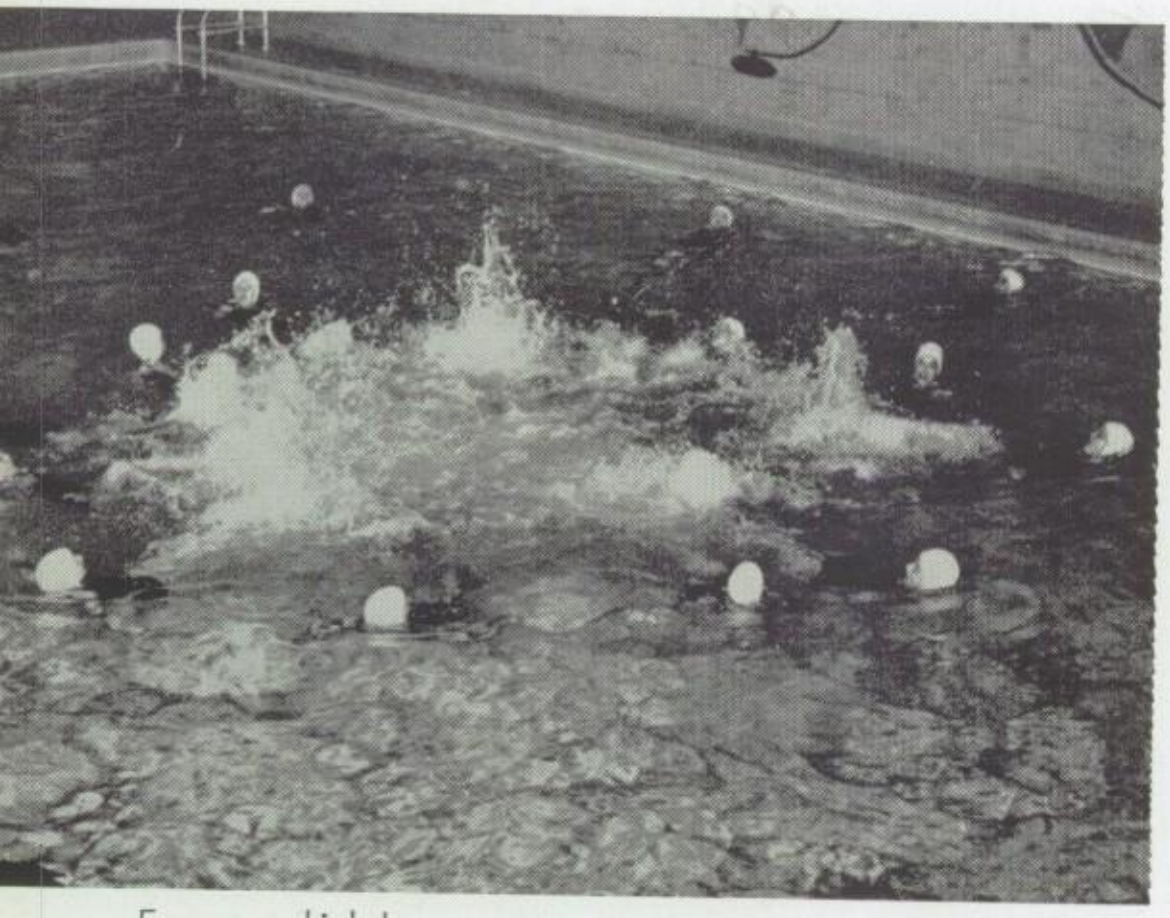
Swimmers Present Demonstration on November 18



Everyone kicks!

In the girls' swimming pool, on November eighteenth at eight p.m., the balcony and the area around the pool were crowded with people watching the Swimming Demonstration put on by the synchronized swimming classes taught by Miss Axtell, Miss Meister, and Miss Victorik.

The theme was "Holiday," a travelogue. The swimmers took everyone to Monaco, Hawaii, Siam, Australia, China, Paris, Africa, and finally, back to the United States. The demonstration was performed well with the background and the unique costumes making "Holiday" very enjoyable.

Swimmers depict "a cafe in Paris".

On March 16, Saturday night, at eight o'clock the curtains were pulled on the Dance Demonstration directed by Miss Klement and her student directors, Tobye Black and Sally Brenner.

The Demonstration was divided into two parts: the preliminaries, or various dances made up by the students; and the main part, "Music Makers," which included dances set to Rodgers and Hammerstein's music with appropriate narration.

Football Dance . . .

For the Football Dance Saturday night, December 2, couples arrived at the beautifully-decorated fieldhouse to dance to the music of Johnny Lewis and his band. Pink streamers and the chandelier in the center made the fieldhouse into the ballroom for Cinderella and her prince.

The theme decided upon was "Rags to Riches," which was carried out in scenes that told the story of Cinderella. Every couple was given a pair of paper mice from Cinderella.

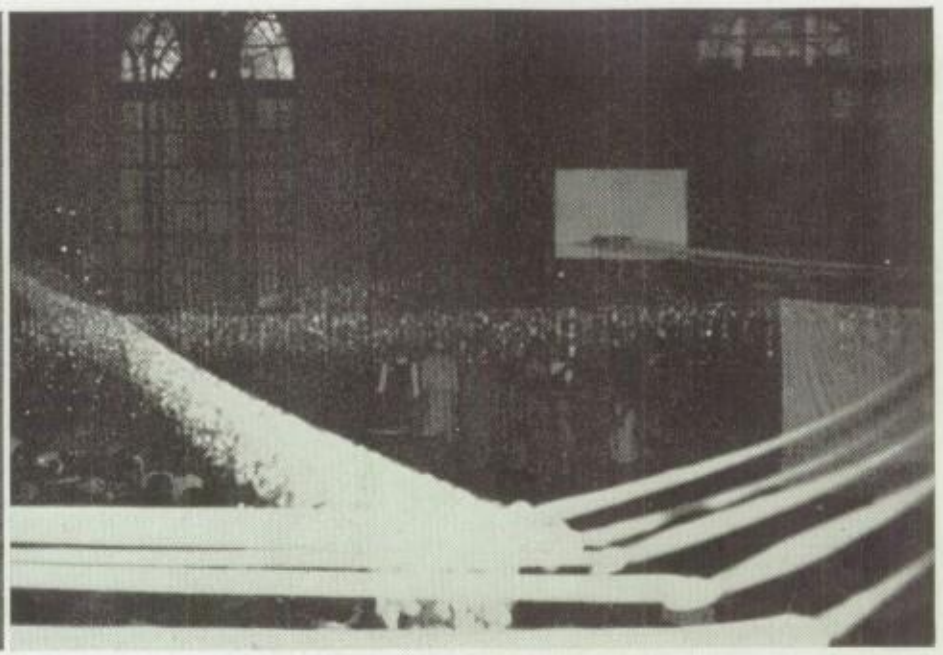
The Atalanta Mothers' Tea

Diane Nelson welcomes the mothers to the tea.



Decorations for the tea.

The annual Atalanta Mothers' Tea was held on Tuesday, December 18, after school in the girls' gym. The mothers were served refreshments and were royally entertained.

Part of the program at the Mothers' Tea is the presentation of awards to the girls of Atalanta who had worked hard to earn them. When a girl obtains the number of points necessary, she is eligible for an award. To get the award, she must pass the posture test given by the Physical Education teachers. Many girls received local awards, and seven girls placed in state competition. The awards help to inspire and encourage the girls to work very hard in Atalanta.

Girls Work For Awards

Atalanta Award Winners

BACK ROW—Richardson, Pottle, Nieter, Peacock, Smith, R. O'Loughlin. THIRD ROW—Crandell, Dare, Nerad, McCracken, Lorenz, Cook. SECOND ROW—Klein, Albright, Ure, Horsky, B. Kastran, P. O'Loughlin. FRONT ROW—Nelson, Black, Johnson, A. Kastran, Phillips.

Atalanta Officers

BACK ROW—Boehm, Nelson (pres.), Darby (sec.). SECOND ROW—Joslyn, Albright (v. pres.), Horsky (treas.). FRONT ROW—McCracken, Cavanaugh.

The Atalanta officers are selected by the members of the club before school closes for the summer vacation. All of this year's officers were active in various sports.

In accepting an office in Atalanta, a girl assumes many new responsibilities. She must, of course, work to accomplish the goals of the club. She must set an example of fair play and good sportsmanship; and she must ever strive to keep the quality of the club as high as possible.

The officers for 1957 were as follows: Diane Nelson, president; Jean Albright, vice president; Priscilla Darby, secretary; Penny Horsky, treasurer; Patsy Joslyn, publicity chairman; Kathy Cavanaugh, social chairman; and Johnine McCracken and Nancy Boehm, sports' chairmen.

. . . Girls' Sports

Girls "fork over" Atalanta dues.

Atalanta is the Oak Park and River Forest High School branch of the Illinois Girls' Athletic Association, which is a state-wide organization. Every afternoon after the tenth period classes, many girls rush over to the gym to take part in the sports that are offered.

Aside from the fun and new friends gained from after-school sports, a girl receives points for participating in a sport during its season. Accurate records are kept of points, and each girl can receive an award if she obtains the qualifying number. The club strives to provide enjoyable experiences, and to promote interest in girls' athletics, sportsmanship, and scholarship.

The adviser, Miss Meister, the Physical Education Department, this year's officers, and the members all worked hard to make Atalanta important in the lives of many girls.

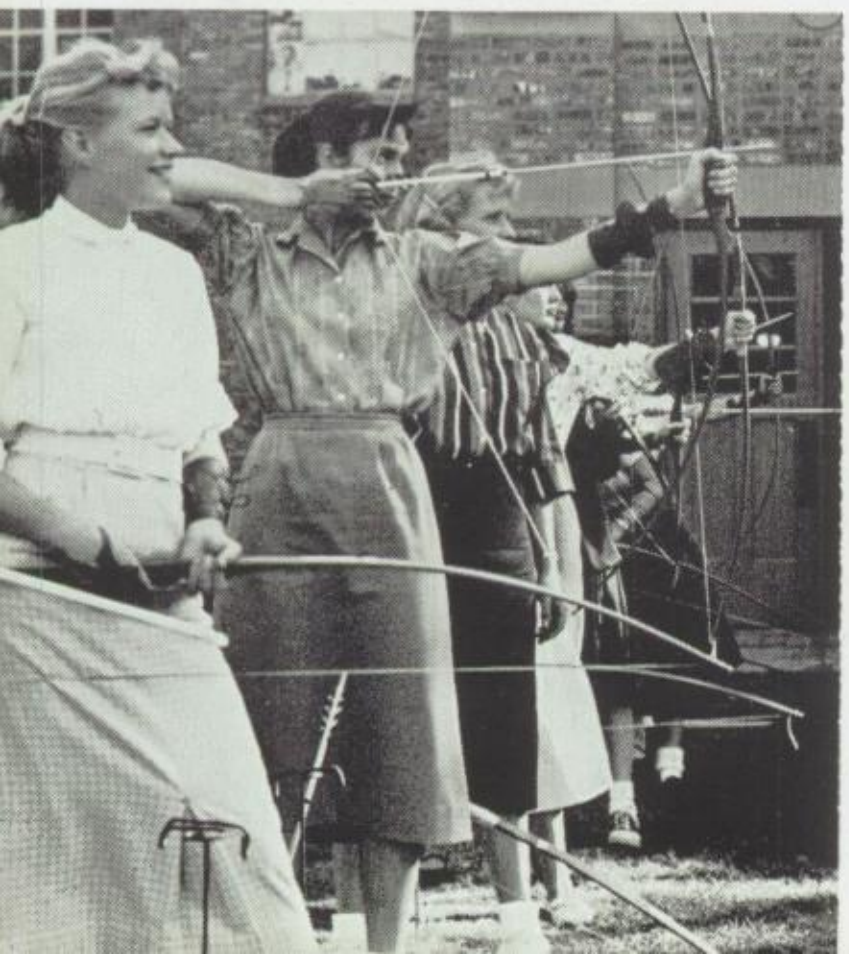
Posture

Every girl at Oak Park and River Forest High School is made posture-conscious because the Girls' Physical Education Department emphasizes poise and correctness of bearing. If a girl's posture rating is low in the fall Physical Examinations, she must take posture in class. Here she learns to stand well, sit gracefully, and walk proudly.

Grace Osgood aims for a bull's-eye.



Archery

Archery, a well-liked sport around the girls' gym, is part of the program in posture and individual sports. After school the archers can be seen shooting for those "bull's-eyes" on targets set on the girls' playing field.

The archery team is made up of girls who are real archery fans, and have come out for the sport after school. The girls practice on Tuesday nights.

Members of the team, who are members of Atalanta, compete in the postal tournament against other schools.

Speed-a-way

When a Freshman at Oak Park and River Forest High School happens to overhear an upperclassman in the girls' gym speaking of punting, drop-kicks, lift-ups, touchdowns, and field goals, she should not be too alarmed. It is probably spring, and the upperclassman is speaking of speed-a-way.

Speed-a-way is played in the fourth quarter of the year. The game is a combination of football, soccer, speedball, hockey, and many other sports. Each class works to learn the rules and to get together a good team to play in the after-school competition.

Baseball

One of America's most popular sports, baseball, is also popular with the girls around Oak Park and River Forest High School. In the spring, the girls' old gym vibrates with the clatter of baseball bats. Baseball skills and good playing are stressed during class, and the girls play many good games.

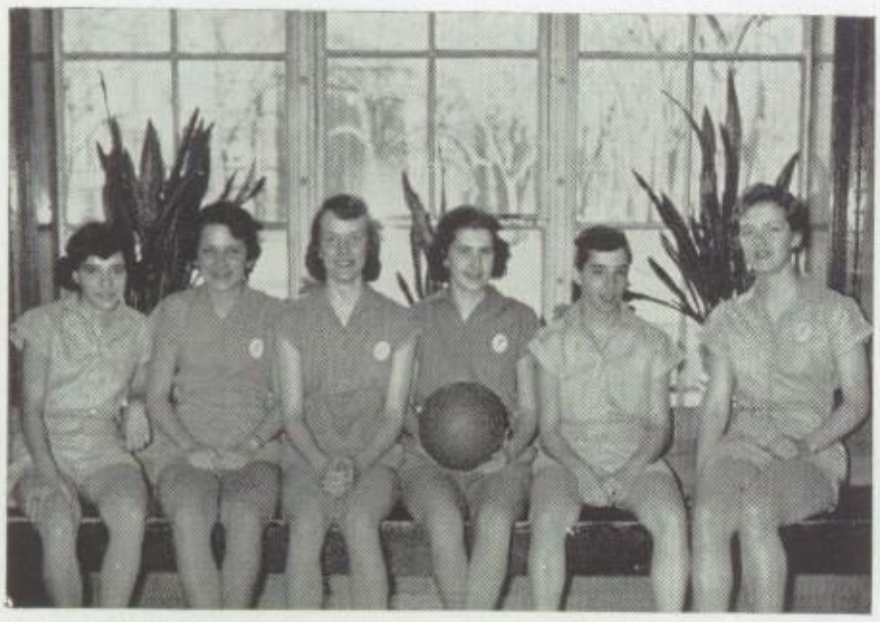
The number of girls playing baseball after school is a good indication of the game's popularity. The girls show that they like it as well as the boys do.

Susan Lorenz yells, "Put it here."

Bowling

Oak Park and River Forest High School has many girl bowlers, beginners and old timers, who go to Lorimer's Alleys on Tuesday. Either Miss Rudolph or Miss Camp, two of the Girls' Physical Education teachers, go along to help the girls improve their game. The top game for 1957 was bowled by Barbara Donaker with 160, and the highest average can be claimed by Diane Nelson with 114.

Marilyn Johnson gets a strike.



Basketball Team

B. Kastran, Bird, Grindstaff, Orcutt (capt.), A. Kastran, Grube.

Basketball

In the second quarter girls play basketball every afternoon except Friday. Monday and Thursday are open days, and anyone may come. On Tuesday the Freshmen and Sophomores play; Juniors and Seniors play on Wednesday.

If the girls come out six times, they are eligible for the basketball team. Each class has its own team with a tournament held for first place. The Junior class came out on top this year.

Volleyball Team

BACK ROW — Horn, Peacock, Bang. SECOND ROW — Laadt, Mintor, Campbell, Smith, Neuman, Gary. FRONT ROW—Jones, Coffey, Gorka, Wilson.

Volleyball

Volleyball is a team sport which the girls may take during the third quarter, along with basketball. Playing as a team is stressed during class, and players are chosen from each class for a tournament held before Spring Vacation. Tenth period had the winning team this year.

All-star teams, selected from the classes, play each other and the all-star Girls' Physical Education Department faculty team.

BACK ROW—Richards, Dare, Joslyn, Donaker, Thiede, Ure, Neuman. SECOND ROW—Bernards, Pilgrim, Bockwinkel, Dieterle, Phillips, Bird. FRONT ROW—McSherry, Treichel, Spurgeon, Gordon, Youker.

Tennis Matches Are Played in Autumn and Spring

Tennis, "the sport of kings," is one of the most important sports around the girls' gym. Every girl must have at least one tennis class during her four years. In the fall the beginners may study fundamentals of tennis, rules and scoring, and court etiquette. If a girl rates high enough at that study, she may take an advanced class in tennis in the spring. The advanced classes practice strokes and skills, and get much actual play in the class doubles tournament and the singles competition for the Tennis Cup.

Tennis lovers who try out may get on the tennis team. Last fall, under the direction of Miss Rudolph, the team won three of its interscholastic meets, and tied the fourth.

Mary Beth Phillips puts on the spin.

A tense moment in a hockey game.

Hockey Starts The Year

Hockey is one of the most popular sports offered in the fall. This year classes were held every period of the day. The first few weeks of the season the girls learned various skills, such as dribbling and passing, and spent much time on the rules.

Hockey was played after school on three nights, and many girls enjoyed the competitive games. An inter-class tournament resulted in a tie between second and fourth periods.

2ND PERIOD HOCKEY TEAM

BACK ROW—Pickett, Anderson, Nelson, Hitchcock, vonRosen, Roach. SECOND ROW—Hall, Raysa, Luehring, Houck, Lauber, Skala. FRONT ROW—Scheringa, Hatch, Joslyn (capt.), Augustus, Oppenheimer.

4TH PERIOD HOCKEY TEAM

BACK ROW — Kesler, Pilgrim, Muther, Wicklund, Plagge. SECOND ROW—Parren, Caddy, Tresselt, Ellis, Lakin. FRONT ROW—Weihe, Krivanek, Kambestad (capt.), Spiegel, Sorensen.

Girls' Swimming Team

BACK ROW—vonRosen, Donaker, Gordon, Johansen, Woods M., Meadows, Nerad. FOURTH ROW—Sterberg, Steffens, Sharp, Anderson, Buchanan, Woods N., Frankel, Schnell. THIRD ROW—Lancaster, Andersen, Peacock, Kaska, Wittwer, Rogers, McVitty, McNeill. SECOND ROW—Sligh, Nelson, Treichel, Bates, Spurgeon, Blubaugh, Douglas. FRONT ROW—Pickett, Coffey, Holland, Maike, Riley, West.

The Girls' Physical Education Department offers swimming for all four quarters of the year. In the fall the girls can take synchronized swimming, and they work on stunts and skills. In beginning swimming classes, held during the second and fourth quarters, the girls strive to pass the deep water test, which is necessary for graduation. Red Cross Swimming, which includes working on various tests and Life Saving, can be taken during the third quarter. Although the girls complain a bit about getting their hair wet, swimming is really well liked.

The Girls' Swimming Team, under the direction of Miss Meister, practices after school on Mondays, and on one other night a week. In November a meet is held, and the team races against time. This year our team won the postal tournament, adding another swimming trophy to those captured by past swimming teams.

GIRLS' SPORTS

Equipment Managers

BACK ROW—Martling, Miehlke, Stryker. FRONT ROW—Nierdt, Juber, Mr. Padula, Popken, Nydam.

Managers Perform Valuable Services

Mr. Tony Padula and his equipment managers deserve a great deal of thanks for keeping the teams the best looking in the league. Working in the field-house and the stadium, they spend many of their free hours keeping track of thousands of game and practice uniforms. From September to June they are on hand passing out equipment, taping sprained ank'es, and performing hundreds of small but necessary services. Their work is a vital part of the sports program.

Intramurals Provide Varied Competition

Though the boys' intramural sports program is not much publicized, it is important in many ways. Besides providing exercise and muscular development and coordination, the whole intramural program creates a friendly competitive atmosphere. It gives all boys a chance to learn a new sport and develop in it, as well as giving them a chance for further experience with a vaguely familiar sport. A boy may also practice in intramural so that he improves himself so much that he may make the interscholastic team in that sport.

The program list is just as impressive as the list of reasons that make the program a good one. In the fall touch football, swimming, tennis, flickerball, and handball are offered. Basketball, track, water polo, ping pong, and bowling provide further competition in the winter. The wind-up in the spring consists of badminton, volleyball, golf, soccer, softball, and wrestling. The entire program throughout the year is under the supervision of Mr. Verchota and Mr. Scott.

Underclass Sports

Underclass sports, although they are quite naturally not given the same amount of importance allotted to Varsity competition, are very basic and fundamental to the entire interscholastic program of the school.

First, and most important of all, they provide the stepping-stones which lead to Varsity ranking. Underclass sports develop the natural ability and playing skill of an individual while giving him experience in interscholastic competition. All of this experience, of course, brings many extra benefits. Among these are development of a sense of responsibility, a sense of sportsmanship, and a sense of individual and team pride. These values are made more certain by the fact that the underclass competition is expanding in coverage and increasing in amount.

Secondly, underclass sports give each class something to be proud of as a class. This unites the underclassmen and makes them feel as if they have a special part and importance in the entire school.

Monogram Club Honors Letter Winners

Monogram Club is for athletes who have won major monograms. Mr. Anderson, Athletic Director, supervises the activities of the club, which include giving the Monogram Dance for all athletes who have won monograms, ushering at school contests, and working at the concession stands. The club is very helpful in encouraging and maintaining good school spirit and sportsmanship at all school events.

This year's officers are John Maypole, president; Tom Tomasek, vice-president; Jim Murdock, secretary-treasurer; and George Javaras, sergeant-at-arms.

Wrestlers receive monograms.

Heppes lines up putt.

Don Heppes, Neil Volkman, Bob Swank, Bill Keller, Jim Larson, and Paul Halac formed a strong basis for this year's Huskie golf squad. After a very promising showing in the spring tryouts, the squad is sure to have a fine season under the direction of Coach Wehrli. The team practices and has all of its home meets at the Oak Park Country Club course, with the Suburban League Championship decided after the season closes on May 31 on the number of dual meets won and lost during the season.

This year the tennis team, after ruling the Suburban League and the state tennis scene for many years, will attempt to win its eighth state championship in ten tries. Paul Gervais, Dick Glantz, Bill Tomlinson, and Bill Hartmann from last year's squad formed the nucleus for this group. The coach, Mr. Rudy Witsman, has an experienced and well-balanced team that can meet and beat the opposition of Suburban League and state schools.

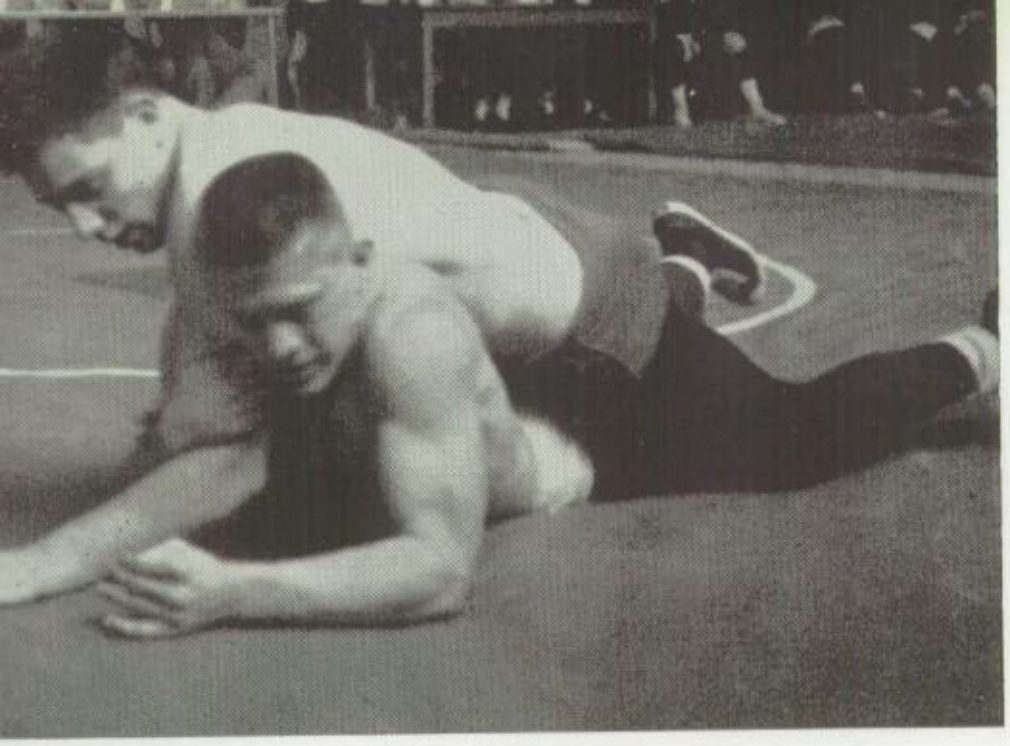
Tom takes it in.

After a fair season last year, the diamond-men, under the coaching of Mr. Kaiser and Mr. Ebel, are looking toward a more successful season. Headed by All-Suburban players Jack Heath, Jim DeLeonardis, and Roy Irish, at first base, in the outfield, and behind the plate, the team shows much depth and spirit. With many good underclass members on this year's squad, the outlook for the team this year and in the future seems excellent.



Tregay works for pin.

Matmen Compete in Third Year

The Huskies finished their third year of wrestling with a record of eight wins, seven losses, and one tie, indicating a successful season.

Climaxing the regular season, the Huskies placed seventh in the district meet. The individual honors went to Dave Tregay, who placed third, and to Frank Paris, who took second place, entitling him to enter the state meet, in which he was defeated in the preliminary round.

With nine of this year's Varsity wrestlers returning, next season's outlook is very promising.

Swimmers Win Nine, Lose Five

This year's swimming team showed much improvement over those of the past few years. Led by co-captains Dick VanVerst and George Olsen, the tankmen finished the season with a record of nine wins and five defeats.

During the year's competition seven meet records were broken. The most impressive performances were in the 100-yard breast stroke, by Bud Voelkner, a Junior, and in the 150 yard individual medley, by Peter Stelton. In the state meet, Voelkner, the only tankman to qualify for the finals, placed third in the 100-yard breast stroke to give Oak Park a tie for 12th place.

Track . . .

The trackmen, plagued by injuries, were able to turn in a fair season. Many of this year's thinclads, however, are underclassmen who will be returning to see more action next year.

The most impressive showing of the team was the winning of the Chicago Invitational meet. The team was able to place fourth in the West Suburbs meet, with York taking the honors.

In the Oak Park Relays, under some handicaps, the trackmen placed fifth behind Bloom in the class A meet. The best performances were by Jim Schultz, a Sophomore, in the pole vault; Ray Serpa in the 440 yard dash; and Jim Corbett in the broad jump. Don Patton, who carried the weight in the 50 yard dash, low hurdles, and two relays, was the outstanding member of this year's squad.

This year's cagers finished the season with an impressive record of fifteen wins and seven losses. Led by all-suburban Jack Heath, and scoring ace Bob Hoagland, the team placed second in the league, behind Evanston.

With the close of the regular season the Huskies advanced to regional play at York, where they defeated Wheaton and York in very close contests. In the championship game they downed Proviso, 75-63. They then advanced to regional play at Arlington Heights, where for the third time this year they were subdued by Evanston. This eliminated them from tournament play. Jack Heath was elected captain of the 1956-1957 team.

Outstanding members of this year's squad, besides Heath, were Hoagland, who finished sixth in the Suburban League scoring, Ted Romoser, Al Tevis, and Jeff Fort.

Both the Varsity and Sophomore Cross Country teams finished their share of the fall sports picture with good records. The Varsity team, led by captain Bob Taylor and co-captains George Pallas and Erwin Schmidt, held third place in the League standings with a won-five and lost-two record. However, the Cross Country team didn't fare as well in the League and District meets and failed to qualify anyone for the State meet.

The Sophomore Harriers, led by co-captains Larry Dozois and George Kent, finished the season with six victories and one loss in League competition. This record for the Sophomores bodes well for the future.

Soccer Team Has Winning Year

After a slow start, the soccer team terminated the season with a record of five wins, five losses, and one tie. Though losing the League title to Morton, the Hawkmen gained fourth place in the state ratings. With only five lettermen returning from last year's squad, building for future teams was the main objective. Many of the Varsity starters were Sophomores and Juniors who will spark the team in the next few years.

Joe Moreno and Len Brooks were chosen co-captains of the 1956-1957 team. Len Brooks and Tom Hewitt were chosen to the first all-state team, and Joe Moreno and George Schechtman were chosen to the second team.

Varsity Gridders . . .

In spite of the tough opposition met throughout the football season, the Huskies ended with a winning record. The big game of the season was the hard-fought tie with Evanston, ultimate co-winner of the Suburban League. La Grange, Waukegan, Highland Park, and Niles fell under Oak Park's strong ground attack.

The coaching of Mr. Wehrli, Mr. Doolittle, and Mr. Ebel developed a strong line. Center Roy Irish and tackle George Javaras, co-captains, each won a first-string place on the All-Suburban team. Jim DeLeonardis, Tom Barnum, Jim Murdoch, and Frank Paris also received honors for their season's play.

After spring tryouts, the squads were chosen under the direction of the faculty adviser, Mr. Riebman. Sandy Deckert, a Junior, was chosen Varsity captain, and Barbara McLaren and Judy Funke were elected co-captains of the Sophomore squads.

The students who have hobbies join clubs in which the members may share their common interests and gain experience in their particular field.

Members of the Boys' and Girls' Camera Clubs may further their knowledge of photography, as well as take school pictures. Drama Clubs . . .

In the Dramatic Clubs of our school, open to all Sophomore and Junior students with an average of 80 or above, members gain experience in the art of producing and appreciating a play. After the play is selected, try-outs are held, followed by rehearsals and the production. Members of the club who do not act in the plays form committees to assist with the make-up, properties, and the rest of the program. This procedure is very similar to that followed with the major plays at our school.

The dramatic clubs are Masqueraders for the Sophomores, and Footlights for the Juniors. This year Property Crew, under the direction of Mr. Knowles Cooke, joined the roster of Dramatic Clubs. It is open to all Juniors and Seniors.

Departmental Clubs . . .

Students who are especially interested in the subjects taught at our school may join one of the Departmental Clubs. The Departmental Clubs, which comprise the majority of our school clubs, pursue activities that are related to school subjects including Language, Science, Mathematics, History, Music, and Home Economics.

Some Departmental Clubs work on special projects during the year. For example, Home Economics Club members sew Christmas stockings for the children of the Chicago Commons and fill them with toys purchased with money collected on Tag Day.

The Departmental Clubs not only encourage the students to participate more in their favorite subjects but also help them to take part in traditional school projects.

Debating Clubs . . .

Students with good grades are invited to join one of the five debating clubs during the Junior and Senior year. Stimulating debates provoke thought on contemporary problems and provide excellent training in public speaking and parliamentary procedure. Highlights of the year are inter-club debates, teas, banquets, and a baseball game between Forum and Gavel.

Upperclassmen consider participation in any one of these clubs as a valuable and interesting part of their high school years.

The Photography staff, under the supervision of Mr. Lane, meets sixth and seventh periods every day, and members also work every night after school. The staff photographers take all of the pictures for the school publications, with the exception of the formal pictures of Seniors and faculty. The staff also takes the Freshman and Junior identification pictures.

The members of the staff, as a result of extensive work and experience, learn the basic principles of handling a camera, developing and enlarging pictures, using lighting techniques, and employing different kinds of cameras for various types of pictures.

Tabula Publishing Board, which meets every third period under the supervision of Mr. Hepker, handles the business affairs of "Trap," Tabula, and Crest.

The three divisions of the Board handle the three main business aspects of publication work. The advertising staff secures the advertisements from local business concerns. The business staff takes care of all publication financing. The circulation department handles all orders and the distribution of school publications. These three divisions function smoothly and quietly behind the scenes of publication work.

When a person reads Tabula, Crest, or Trapeze, he rarely thinks of the work on these publications done by the Tabula Publishing Board. These hard-working people merit praise for all that they do toward making our publications successful.

'Lingua' Is Written in Four Languages

Linguapolitan, the foreign language publication published twice this year, contains prose, poetry, crossword puzzles, and games in each of the languages taught in school—Spanish, Latin, German, and French.

Doris Long was the editor of the magazine, and Pat Martin was the associate editor. The rest of the staff included John DeBiase, Dick Guillemin, Phil Klintworth, Jean Matthews, Arthur Nelson, Kerstin Rost, Sue Spencer, Gordon Treash, and Jean Ure. The advisers were Miss Geller, Mrs. Soroka, and Mr. Baker.

"Lingua" gives language students and ex-language students the chance to put their knowledge into practice through writing and reading.

Although it is a new member in the "family" of school publications, Linguapolitan has become an established part of school life and a magazine much enjoyed by members of all language classes.

The Senior Class Stages 'Mr. Pickwick'

This year's Senior Class Play, "Mr. Pickwick" by Stanley Young, presented on May 10 and 11, is based on "The Pickwick Papers," a novel by Charles Dickens.

The humorous plot revolves around the adventures of Mr. Pickwick and his fellow club members, whose purpose it is to roam across the face of England observing the life and manners of the people. In so doing, the group runs into a lot of amorous entanglements. The most complicated involves Mr. Pickwick, who is imprisoned because he refuses to pay the money his landlady claims when she wins a suit from him for his supposed breach of promise of marriage. It all ends happily, though, with Mr. Pickwick being released from prison through the help of his comic servant, Sam Weller.

Directed by Mr. Cooke, the play entertained audiences with excellent characterization and well-timed humor.

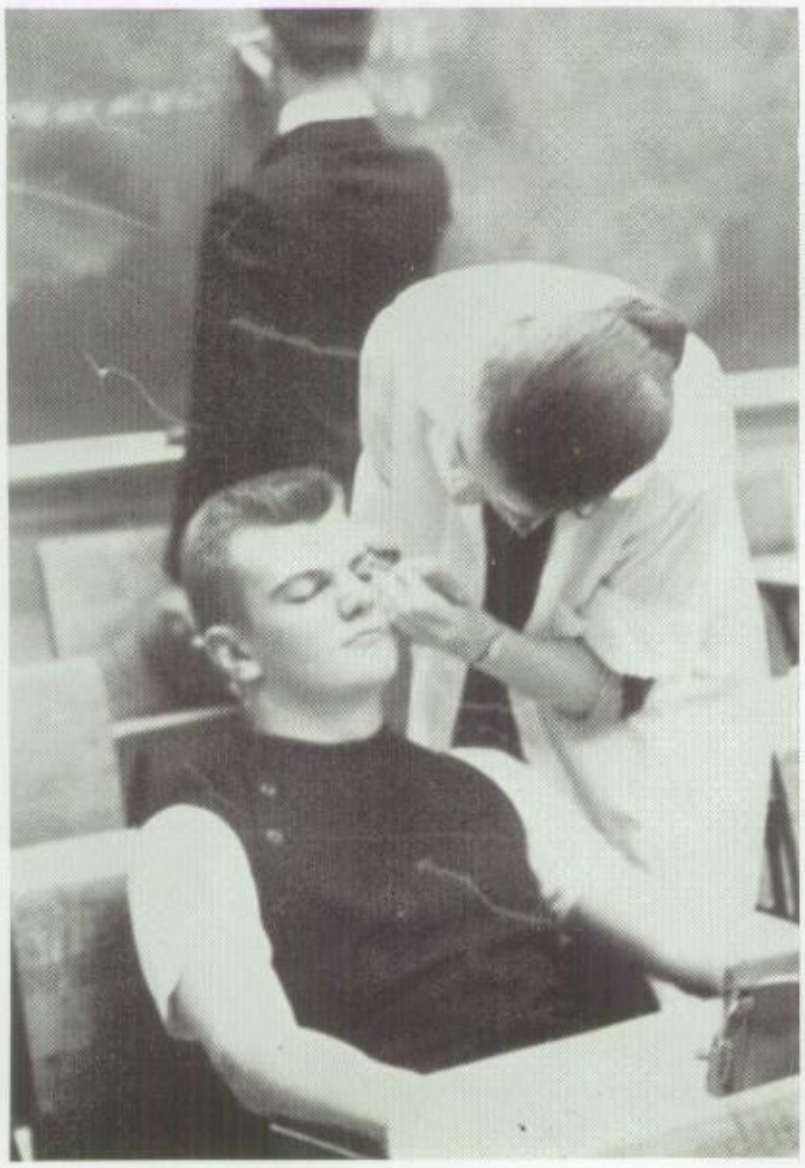
Make-up



"Hold still, Tom!"

The committees associated with the Dramatics Organization are not necessarily permanent ones. The number of these committees that is required varies with different situations, and some committees are disbanded after a production is over. They are responsible for handling the important tasks connected directly and indirectly with every school production.

The work of these committees is varied and covers many phases of behind-the-scenes activity. The scenery is handled by a committee organized to design and paint back-drops and sets. Costumes and make-up are two other important phases of stage productions that require committee work.

These and other aspects of back-stage work, such as the photography for publicity, the sale of tickets, the making of programs, and the providing of ushers, all have some member of the faculty to aid in expediting the work of the committee.

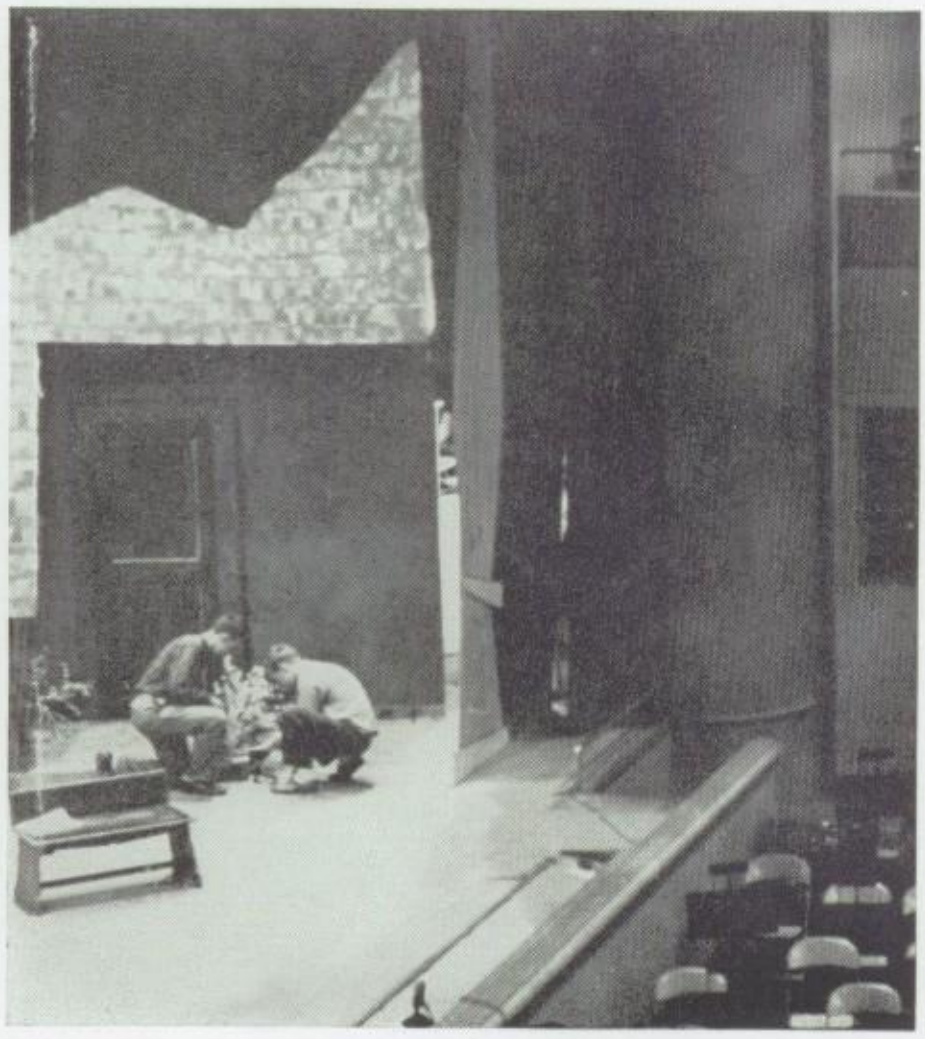
Stage crew sets scenery



Essential to every school production is the Stage Crew, which works behind the scenes to make each show a success. Members are responsible for constructing scenery, creating all lighting and sound effects, and conducting other fundamental operations.

This year Mr. Cooke, the faculty adviser, and the Stage Crew cleverly devised the sliding panel, designed by Bill Charles, used as the "Double Door." They also worked on productions by outside groups who use the auditorium.

All those who are on the Stage Crew are to be commended for spending many hours of their extra time after school and on Saturdays working on the productions.

Miss Miller

A melodrama entitled "Double Door" was this year's Girls' Club Show, presented on November 2 and 3 under the direction of Miss Dorothy Miller.

The story revolved around an aristocratic family, the Van Brets, of whom Victoria Van Bret was the head. Her complete dominance over her sister, Caroline, and her half-brother, Rip, was the cause of several violent scenes, including one in which Anne Darrow, the young bride of Rip, was shut up behind the "Double Door" by the mad Victoria when her resentment against the intrusion of the young woman came to a climax.

The play included the part of a dog, a role filled by Sheba, who gave a brilliant performance in portraying Raffles.

"I'm not insane. You shan't say it!"

"Rip, I'm so happy for you."

"The man from Tiffany's, madam."

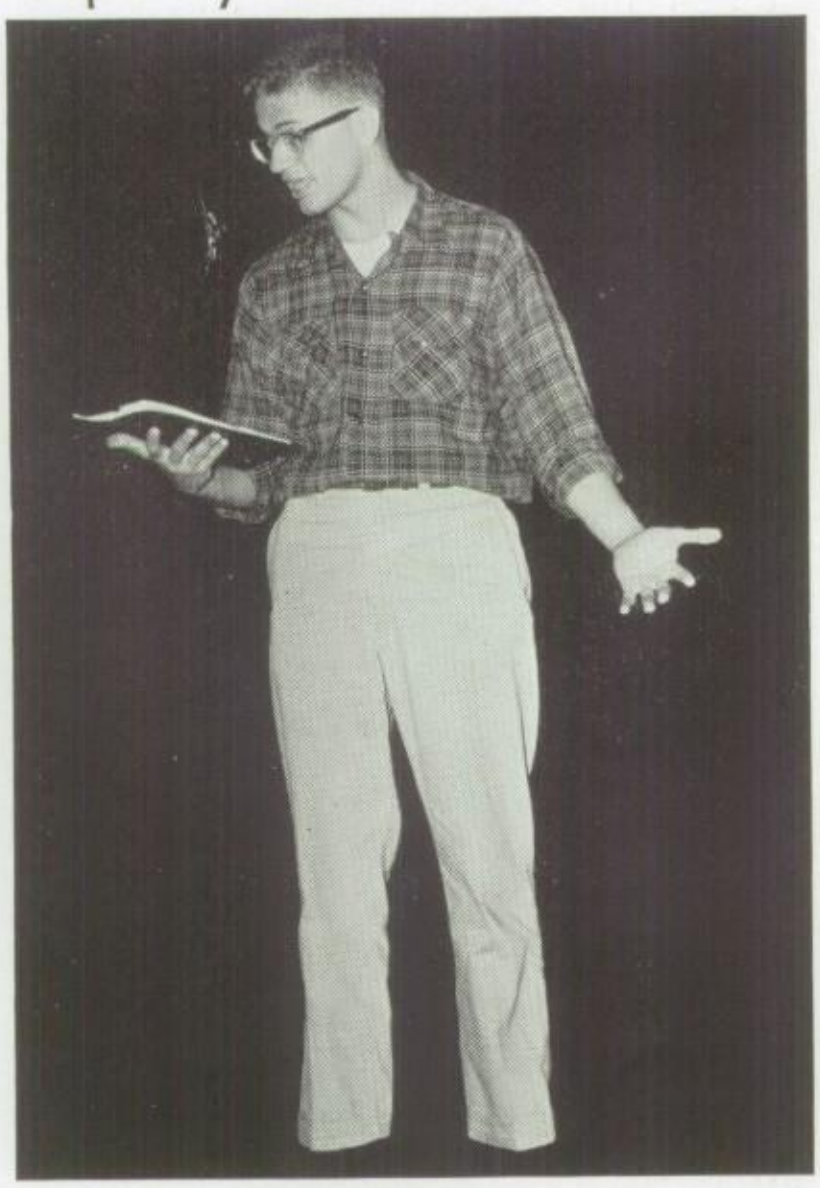
Two Major Plays Are Staged Each Year

People try out.



Jim Pilafas reads his lines.

The Dramatics Organization is the one body that sponsors all the school plays. It provides services for all stage activities put on by Oak Park and River Forest High School or outside groups that use the stage here. It takes care of the lights and curtains for all the orchestra, choral, and band productions, assemblies, dance productions, and plays. It works behind the scenes as the action is taking place on stage to keep the production rolling smoothly.

The Dramatics Organization is built around two permanent committees, the Production Committee and the Properties Committee. The Production Committee is responsible for building the scenery and maintaining equipment, while the Properties Committee collects the incidental furnishings and props needed. Though receiving little notice, the Dramatics Organization performs smoothly behind the scenes.

'Ruddigore' Is Presented on March 1, 2

This year's operetta, Gilbert and Sullivan's "Ruddigore," was presented on Friday and Saturday nights, March 1 and 2, in the auditorium by the A Cappella Choir under the direction of Miss Edna Ruth Wood. Assisting were Mr. Knowles Cooke, dramatics director, Mr. Harold Little, conductor, Miss Dorothy Miller, choreographer, and Mr. Arthur Pelz, in charge of scene construction. Mr. Gene Rudolf, a graduate of this high school in 1952, designed the sets.

Telling a story of baronets and witches' curses, this gay operetta captured everyone's heart. Although not the best-known of Gilbert and Sullivan's creations, it will be remembered here as humorous and well-done entertainment.

Two of the important choral groups that are popular with the students are Boys' Choir, directed by Mr. Kratky, and Girls' Choir, directed by Miss Wood.

The two choirs, along with other vocal and instrumental ensembles of the department, perform at the Christmas and Spring Concerts. They also sing at assemblies and on special occasions. This year the Boys' Choir sang at the Boys' Conference, and the Girls' Choir at the Girls' Conference.

Boys' Choir Ensemble and Girls' Choir Ensemble are two subsidiary groups that give certain interested and capable members of the choirs the chance to enjoy additional ensemble singing.

Remember!

A Cappella Choir, under the direction of Miss Edna Ruth Wood, is the most advanced of the choral groups in the high school. Performing at many of the school and community functions, it is one of the most active vocal organizations, presenting programs such as Christmas Vespers, which is a service of sacred holiday music, Christmas and Spring Concerts, and the musical part of the Baccalaureate Service. The A Cappella Choir also takes part in the Easter Sunrise Service. The special performance given by A Cappella Choir is the annual Gilbert and Sullivan operetta, which this year was "Ruddigore."

Many of the ensembles draw their membership exclusively from this choir, and these small groups take an active part in many programs.

Marching Band

The Oak Park and River Forest High School Band goes under two names. During the football season it is the Marching Band; during the remainder of the school year it is known as the Concert Band.

Mr. Riebman directs the Marching Band. The marching and counter-marching, the intricate field patterns, and the stirring music add to the pleasure of the games.

The director of the Concert Band is Mr. Kratky. The concerts given in the winter and the spring afford opportunities for the performance of regular band music as well as famous orchestral works transcribed for symphonic band.

Practice makes perfect.

The Symphony Orchestra, under the direction of Mr. Harold Little, participates in concerts many times during the year.

The orchestra presented its first concert in December with four soloists. Louanne Fuchs played the first movement of Schumann's "Piano Concerto in A Minor," Roger Gustafson played the first movement of Rubenstein's "Piano Concerto in D Minor." The second part of the program was dedicated to Mozart in celebration of the anniversary of his birth. In this part of the program, Sue Staunton played his "First Horn Concerto," second movement, and Paul Bettendorf the first movement of the "Concerto for Bassoon."

Two soloists, Louanne Fuchs and Steve Crosby, took part in the Spring Concert, playing Lalo's "Violin Concerto" and the second and third movements of the Khachaturian Piano Concerto, respectively.

Beside their own concerts, the orchestra played for the Vespers, Christmas and Spring Choral concerts, the Girls' Club Show, the operetta, Baccalaureate, and Commencement.

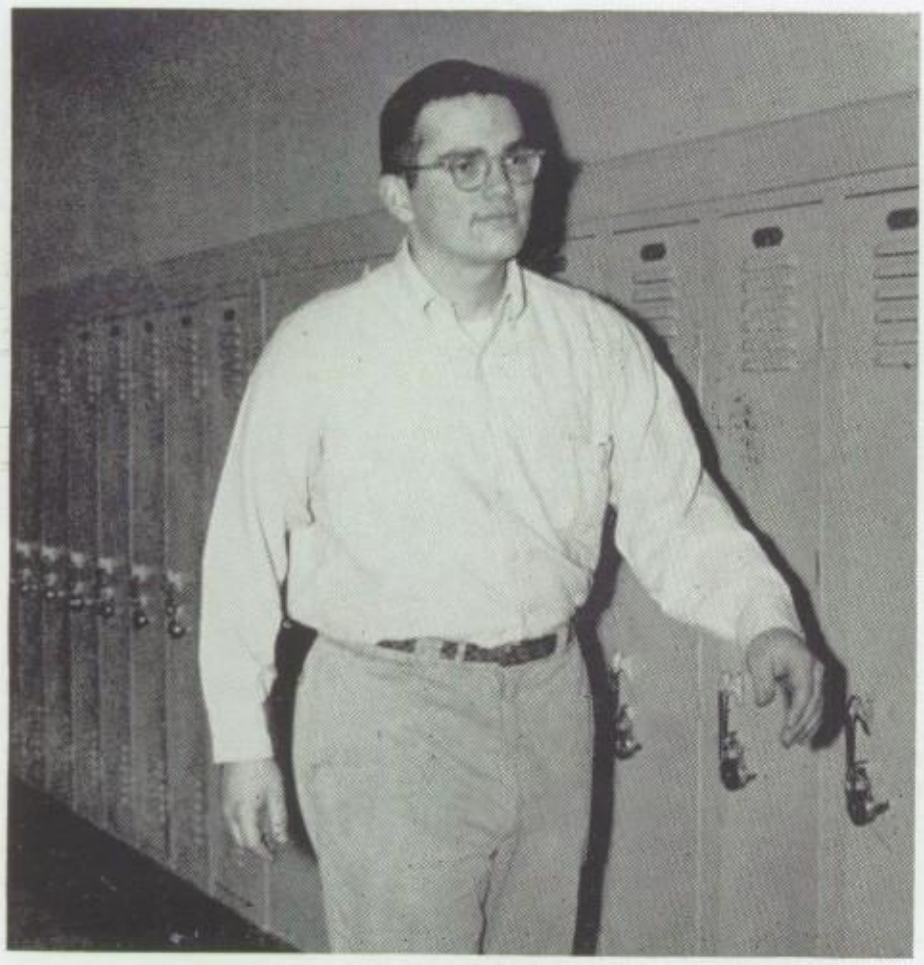
Smoking Council . . .

BACK ROW—Murdoch, Javaras, Zilligen. SECOND ROW—Barnum, Ladd, Mondo, Hutchison. FRONT ROW—Irish, Rawson, Heath, Lovell.

. . . Functions Independently



Stannard inspects the hall.

Smoking Council is the only unit of school government that does its work without faculty supervision. Members watch for violations of the smoking regulations in the school area, at the athletic events, and on the buses provided for the transportation of students to and from school.

The rules about smoking have been essentially the same for many years. No smoking is allowed in or near the school on school days or during athletic events. The purpose of the Smoking Council is to help maintain the good appearance and reputation of the school.

The Smoking Council is formed by Junior and Senior boys who are considered by their classmates to be able and worthy to carry out responsibility.

FRONT ROW—Klintworth, Kark, Cady, Demeur, Daughetee, Heath (pres.), Soliday (sec.), Buske, Knudson, Rose.

The purpose of Safety Council is to enforce rules which make our school a safer place. Members from the upper classes work with Mr. J. Russell Storey, the faculty adviser. The work is divided among the seven committees.

Each committee covers one phase of the program. That is, Hall Committee checks the halls; Driving Committee checks for driving offenders; Bicycle Committee makes sure bikes are kept in the right place; Signs Committee handles the signs; the Program and Publicity Committees inform the students about safety; and the Accident Prevention Committee tries to prevent future accidents. All these committees are organized and run by a group of officers, who meet to discuss their problems and any future policies or rules.

Student Council Officers

Taylor (treas.), Barnum (pres.), Zymali (sec.), Irish (v. pres.).

Student Council, composed of representatives from all four classes, is the chief student-governing body of the school. The council meets twice a month throughout the school year for the purpose of promoting ideas to improve our school. Dr. Eugene Youngert, Superintendent, is the adviser.

This year the council's primary project was the presentation of our school's first full-scale Homecoming, held on Saturday, October 20. Another council activity was sponsoring bus transportation for students to the "away" basketball games to increase team support.

Student Council members take an active part in meetings.

. . . Focus on the Future

The Careers Conferences are held throughout the year during third periods under the direction of the Junior Deans, Mr. Cady and Miss Griswold. These conferences feature experts in such varied fields as medicine, teaching, business training, modeling, and engineering.

The purpose is to provide students of Oak Park and River Forest High School with information on a variety of careers. The many opportunities discussed present a good background of knowledge from which the student may draw when deciding upon a future.

Espionage! This was the theme of the twenty-fourth annual Conference on International Affairs, held this year at the high school. With the help of Mr. Buske, the adviser, the officers were able to present a most interesting program.

Speakers were Mr. Dan T. Moore, who was the head of American counter-intelligence operations in the Middle East during World War II, and Mr. Herbert A. Philbrick, whose story "I Led Three Lives" has been on television. The fine speakers, plus the enterprising work of all students involved, combined to make this an informative and entertaining conference.

Boys' Conference Officers

BACK ROW—Nixon, Staelin, Demeur, Hartmann. FRONT ROW—Irish (v. pres.), Hewitt (pres.), Maypole, Stannard.

The theme of the fortieth annual Boys' Conference was "Conflict of Ideas," and the officers and advisers, headed by Mr. Keith Cady, planned a rewarding weekend.

A record attendance of 440 boys met at the First Baptist Church of Oak Park on Friday, November 9, to hear Mr. Lawrence Aplin begin the conference with his address on the conflict of ideas between the free world and communism. The annual banquet preceded Mr. Aplin's address.

On Saturday night Hal Jeffcoat, Cincinnati Redlegs pitcher and former Chicago Cub baseball player, gave the main talk of the evening, after a worship service. He spoke on the absence of conflicts, both religious and racial, in professional sports.

The final session of this year's Boys' Conference was held on Sunday, November 11. At this concluding Father and Son service, Dr. Elmer S. Hjortland related his concept of a Christian approach to life.

This year's inspirational program was brought to a close by the announcement of next year's officers.

'Lift Up Your Hearts'

"Lift Up Your Hearts" was the theme chosen for the fortieth annual Girls' Conference held at the First Congregational Church and Oak Park and River Forest High School on the weekend of November 9, 10, and 11. The Conference officers, with the help of their advisers, Mrs. Synnerdahl and Mrs. Sutherland, secured excellent speakers and arranged a fine inspirational program.

On Friday night, November 9, the girls heard Dr. A. Purnell Bailey deliver his address, "Lift Up Your Hearts in Prayer." Dr. Bailey also spoke at the Conference Saturday morning on "Lift Up Your Hearts in Quietness and Confidence." The girls then adjourned until Saturday night, when the annual banquet was held. A program featuring the Knights of Music followed the banquet.

On Sunday, Dr. William J. Faulkner spoke on "Lift Up Your Hearts to a Power Unbelievable." The new officers were announced in the Candlelight Service, and the traditional tea ended a very successful Conference.

Freshmen Become . . .

The Freshman Deans

Miss Pring and Mr. Seymour confer.

As the Freshmen enter high school, they embark on a new chapter in their lives. At first bewildered by the buying of books, changing of classes and schedules, and the number of other things that they encounter in the first days, in a matter of weeks they settle down to their all-important task of gaining an education.

Many Freshmen participate in extra-curricular activities such as clubs and sports. Here they learn to assume the responsibilities of leadership. Guided by their class teachers, and by their deans, Miss Pring and Mr. Seymour, they find the road to accomplishment much smoother. In less than four years they will find themselves the leaders in the school.

Sophomores enjoy Biology.

Once again another troop of Sophomores climbs to the third floor, tossing envying-but-haughty glances at the Freshmen with their easy, stairless homeroom trek! These Sophomores are like many others in bygone years: they join clubs now open to them for the first time, participate in sports at a new level, and take on interesting responsibilities in a variety of student plays, programs, conferences, and concerts.

But the Sophomore class is not just a repetition of previous classes; it has added color, personality, and pep of its own. The Sophomores are already looking forward to the days when they will be in the thick of the studies and activities of the last two years of high school.

Assume Responsibility

Juniors, next in line for the "throne" of school leadership, occupy a position which is full of responsibility and activity. As directors and coordinators of this group, Miss Griswold, Dean of Junior Girls, and Mr. Cady, Dean of Junior Boys, act in all capacities associated with Juniors. Behind the leadership of the deans, the class officers and the Junior Council, as student representatives, do much work and gain experience in governing other students.

In school and out there are things which will always be familiar to Juniors and associated with the Junior year. The Junior themes, class rings, election of class officers, Physics lab, and aptitude tests are included in the 8:20 to 3:20 activities. Upper-class clubs, the Junior Prom, and try-outs for dramatic and musical productions come after school.

The way to the Honor Roll.

Class of 1957 Remembers . . .

When we, as graduating Seniors, receive our diplomas, we will look back on our days at Oak Park and River Forest High School with fond memories.

As bewildered Freshmen, we bought our books, puzzled over programs, enjoyed "What a Life" and "The Yellow Jacket," thrilled to the operetta "Patience," cheered at games, and became acquainted with our school.

Sophomore year was filled with conferences, assemblies, "Milestones," "Beggar on Horseback," "Mikado," and the daily climb to the third floor.

As Juniors, we began to feel like upper-classmen, led by Roy Irish, class president. We attended "Arsenic and Old Lace," "Mrs. McThing," "H. M. S. Pinafore," the Junior Prom, and May Breakfast. Perhaps the most thrilling event was the trip downstate, where our basketball team placed fourth in the state! How proud we were of our school!

Seniors now, we assumed the position of school leaders, with Roy Irish again class president. "Double Door," "Mr. Pickwick," "Ruddigore," regional and sectional basketball contests, our cheerleaders, our last Girls' Club Assembly, Peter Limper winning the Scholarship Cup, voting for Class Day officers, the selection of Commencement speakers, and countless other events, have become a part of each of us.

Although our thoughts now turn to college, jobs, and the summer, we, the class of '57, will never forget our high school days —"those good old days!"

The Girls' Physical Education Department, headed by Miss Axtell, has a two-fold purpose. The first purpose is to enable every girl to reach the optimum in health and physical fitness. The other is to teach individual and group sports activities for enjoyment and satisfaction both now and later in life. The Physical Education Department gives every girl the chance to learn as many activities as possible.

To accomplish these purposes, Physical Education classes are given every period and required of all girls. In the classes students are taught the fundamentals and techniques of the different sports and dance activities. After school intramural and individual sports are offered for recreational purposes. An interscholastic program is offered in tennis and archery.

Atalanta, the girls' athletic association, is sponsored by the Physical Education Department to stimulate interest in girls' sports.

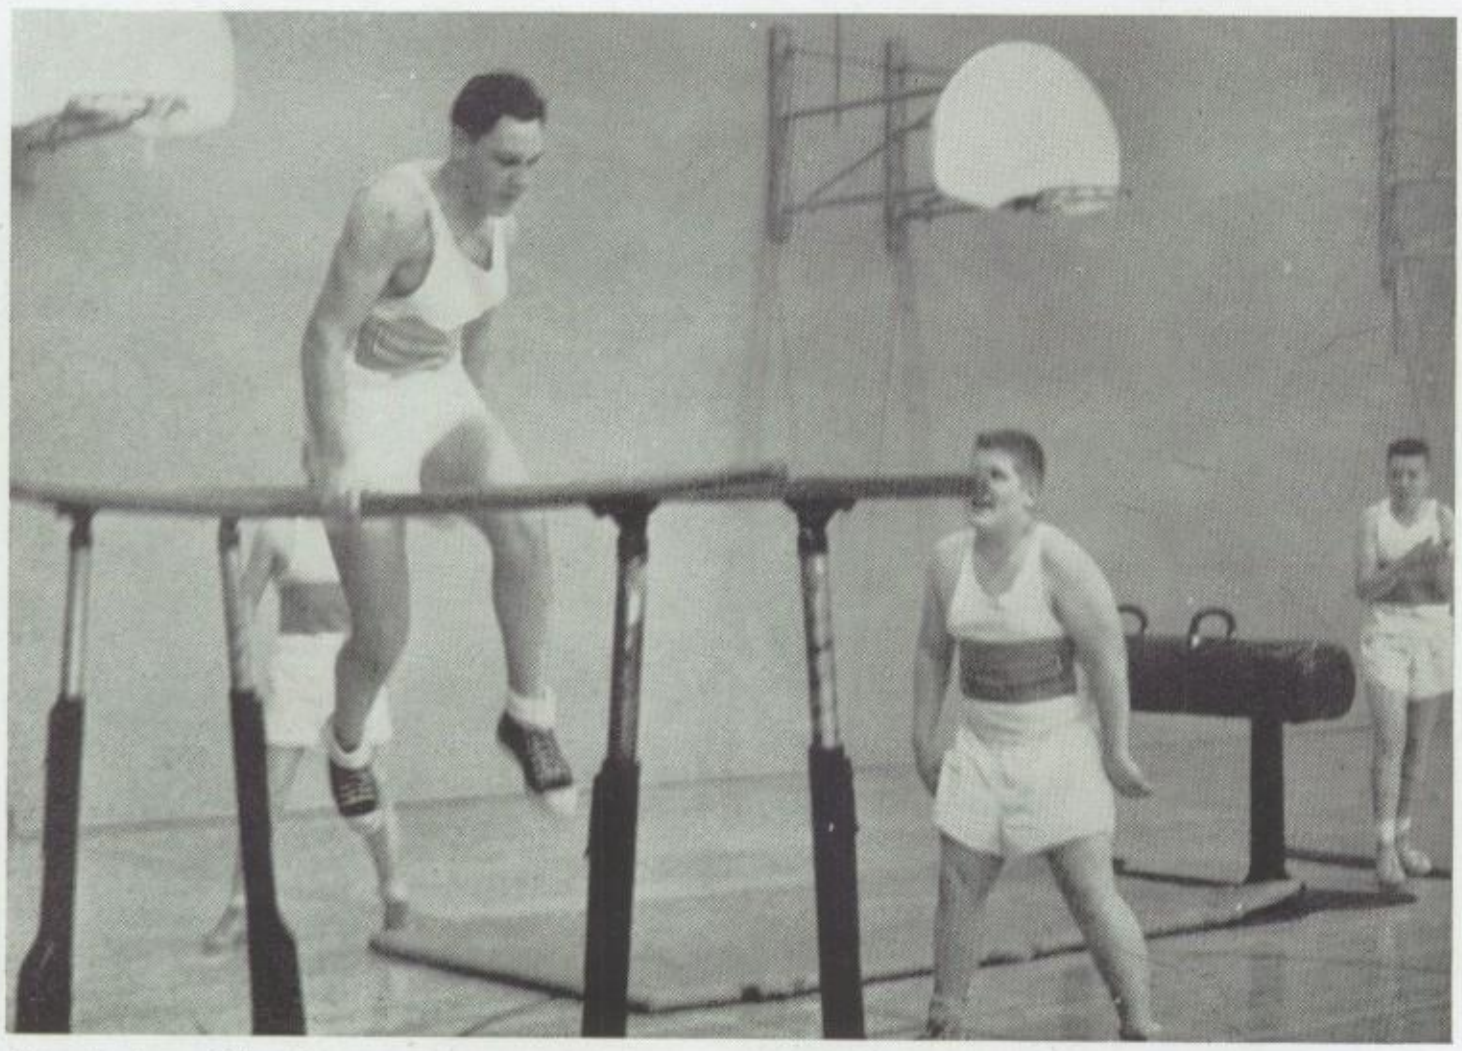
The Boys' Physical Education Department

The Boys' Physical Education program serves our students by providing three levels of participation, based on degrees of ability and interest. The first is a daily Physical Education program in fourteen different activities. Particular stress is placed upon individual sports and games that can be enjoyed out of school. The second level, intramural athletics, provides an opportunity for competition between boys of our school in the activities which have been presented in Physical Education classes. Finally, inter-scholastic competition is a vital part of the Physical Education program. Each year our boys take part in more than three hundred contests in ten sports.



Here's how it's done.

The School Library

The library serves all the school and provides a wide selection of reading and reference materials. The librarians, Miss Crawford and Mrs. Scherman, in addition to their work of book selection and organization, give class instruction in the use of books and libraries, prepare bibliographies, give book talks, and help individual students with their reading and reference work.

In the main library, the books, pamphlets, and periodicals are available to students during the day and before and after school.

The library organizes book collections for various departments. Students of American History have access in room 225 to many history references. This history library is supervised by Mrs. Pelz.

The student library assistants learn library skills while performing helpful duties. They pass out books in the history library, help in the main library, and deliver overdue slips to homerooms.

The Business Education Department, under the direction of Mr. Hepker, offers vocational training in business for all who wish to become secretaries, typists, bookkeepers, or general office employees. Shorthand, Typing, Secretarial Training, Office Practice, and Bookkeeping are available on a semester basis.

To those who wish to major in Business Administration in college, introductory courses are available in Economics, Business Law, and Bookkeeping.

A great number of students take business courses for personal use. Typing has become a very handy skill in most every phase of life. General Business, Economic problems, and Bookkeeping have proved very practical for students entering business or college.

The Art Department

The Art Department, headed by Mr. Pelz, is mainly concerned with the visual world and in the different forms of visual communication. The Art Department teaches its students many ways of seeing and exploring with the materials and tools of the artist and craftsman. It teaches ways of experimenting, of thinking, of composing, and of designing. The courses are planned to bring out the natural ability of each student.

To this end, the Art Department offers a very broad selection of work at all levels of Art. It is possible for a student to take just one course, such as Crafts, or to plan a minor or even a major sequence in Art. In the Figure Drawing, Sculpture, Painting, and Advanced Design classes, students are able to do a good deal of independent work and also a considerable amount of applied art work. These classes do many school program covers and posters, Crest illustrations, and stage sets for the three major school productions.

"It is not by learning rules that we acquire the power of speaking a language, but by daily intercourse with those accustomed to express themselves with exactness and refinement, and by the copious reading of the best authors." Erasmus.

In the Music Department, headed by Mr. Little, the emphasis in studying the unique language of music is placed on what the student can do with what he is taught, especially in the bringing out of the emotional content. All the courses seek to develop the poetic, imaginative, and discriminating power of the student in his relation to music, thus laying the basis for true musical appreciation.

The bands, choruses, choirs, orchestras, and ensembles play daily the music of the great masters, at times listening to others by means of recordings or by attending concerts. The theory classes study the works of the best known composers from Johann Sebastian Bach to the present day. In the harmony classes some original composition is done also.

Girls' Ensemble creates harmony.

The Industrial Arts Department

Industrial Arts, a part of general education at Oak Park and River Forest High School, derives its content from industry and the servicing of industrial products, a basic element of American culture, and has as its social purpose, the greater understanding and better control of the phenomena of industry. For this reason students here can take such courses as Machine Shop, Auto Shop, Mechanical and Architectural Drawing, Woodworking, and others in which they can learn the basic principles of industry and their application in a modern society. Mr. Frank Owens is head of the department.

Making better homemakers is the main aim of the Home Economics Department, directed by Miss Magowan, and the department offers courses that cover every phase of home management. Starting with the fundamentals of cooking and sewing in Foods I and Clothing I, Home Economics students learn how to plan meals from the buying to the serving, how to make their own clothing from a plain garment to a tailored suit, how to budget time and money, how to fill out income tax returns, and how to care for children and those who are ill.

While teaching homemaking, the Home Economics Department also prepares the students for Home Economics majors in college.

The Department of Physical Science

The Physical Sciences Department, headed by Mr. Gocker, is designed to accomplish three purposes. The first of these is to provide an understanding of the principles of science. The second is to lay a sound foundation for those who intend to pursue a career in the field of science. The third purpose is to develop the ability to do critical thinking. By teaching students not to jump to unwarranted conclusions, nor to accept baseless propaganda, the Physical Sciences Department helps to develop good citizens.

The purpose of the Biological Science Department, headed by Mr. McMenamin, is to give the student a better understanding of the science of living things and to break down superstitions and misunderstandings which are still prevalent today. The health course, Freshman Science, has a positive approach that gives students a rich background that will prove useful in later life.

Students interested in more advanced work can take Biology and then go on to Zoology, the study of animals, and Botany, the study of plants. Through the application of material presented by experienced teachers and augmented by a richly-correlated film program and extensive laboratory work, students gain a scientific attitude which is necessary in our modern life.

The Foreign Language Department, headed by Miss Geller, has planned its course of study to include four years of each of four languages: French, Spanish, Latin, and German. The study of each language is planned to give the students the necessary background to go on to more advanced language in college, to enjoy some of the literature of the language, and, with the exception of Latin, to use and understand the spoken language.

The foreign language courses include not only the basic grammar of the language, but also the literature, music, and customs that are associated with the language.

In the school language publication, "Linguapolitan," the students have an opportunity to practice the fluency they have gained in each language and its associated culture.

The History Department, headed by Mr. Stephens, provides two courses in the curriculum that are required of all graduating Seniors, American History and European History. In addition, such electives as Sociology, Latin American History, and Civics are offered to acquaint students with the broad field of social studies.

The History Department has set up these courses to give the background necessary to prepare students for college history and sociology majors. The History Department, as a whole, is designed to give students the understanding of past history that is necessary for understanding modern history and current events. The knowledge of a nation's past position in the world may help to explain its position today. For this purpose, and also to teach students to participate freely in panel and round table discussions, Current Events are an important part of class work.

The Mathematics Department

The Mathematics Department, headed by Miss Anthony, is mainly concerned with teaching all the mathematics necessary for college preparation. The whole program takes into consideration the fact that most college students intend to take more mathematics than just those courses required in high school. The department offers not only college preparatory work but also a course which may in the future be worth college credit.

The Mathematics Department presents its courses with the hope that work in mathematics will develop in students the ability to do critical, logical, and analytical thinking. The work in algebra and much of the more advanced work is designed for this purpose.

The importance of mathematics in the business world is becoming more and more apparent. The department plans to give students a grounding in mathematics that will enable them to move into the various fields of business and to be prepared to learn in a special field.

Tom tells tall tale.

The objectives of the English Department, headed by Mr. Gehlmann, are two-fold, involving instruction in language and literature.

The work in language is planned to improve the skills of communication: reading, writing, speaking and listening. While writing is taught in all English classes, and there is some emphasis on speech, four Senior Electives are primarily skills courses: Creative Writing, Expository Writing, Journalism, Public Speaking, and Senior Composition. A Reading Improvement course is designed to help the individual read more effectively and more rapidly.

The objective in the field of literature is constantly-developing appreciation. The student should learn to recognize the difference between good and bad literature—and then come to prefer the good.

The English Department is organized to teach better appreciation of literature and a growing skill in language, but the material presented emphasizes, also, many side values that make life more interesting and enjoyable.

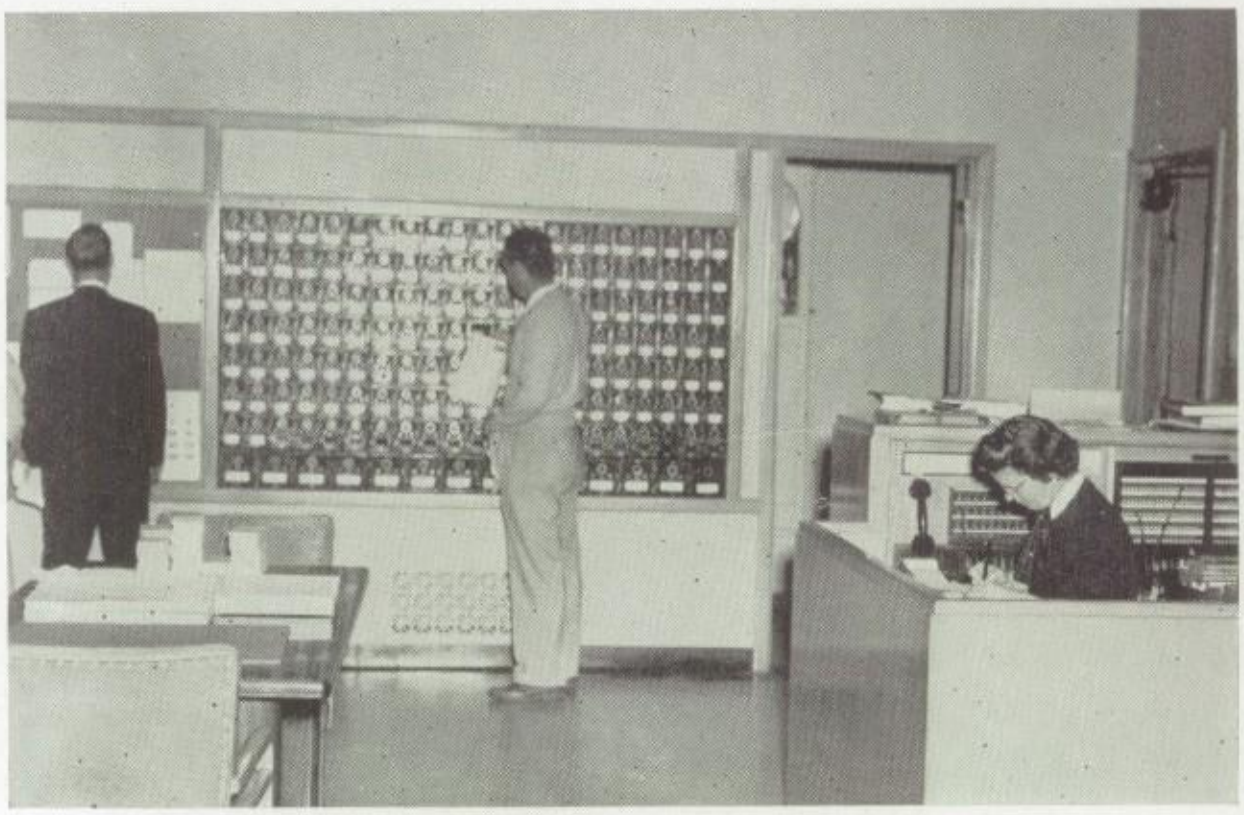
The complicated business involved in a school of this size is managed from the Business Office under the direction of Mr. Wilson.

Miss Atkinson is School Accountant. Mrs. Diekelman directs the activities in the bookstore, and Miss Olin manages the cafeteria. In room 52 Mrs. Wilmarth, the high school nurse, helps keep up standards of health.

In the offices and at the switchboard, secretaries work with the faculty in handling the records and business of the school.

The front office is the first stop of the day.



The Business Office

In the Business Office, more than any other place, you can get a glimpse of the future of the school, as well as its present. Here are the blueprints and designs which show the developments that are being planned to make the school plant more effective and more attractive.

Mr. G. Alvin Wilson, Assistant Superintendent, Business Administration, has charge of building contracts, purchasing for the plant, and maintainance in the building. Helping Mr. Wilson in this management is Miss Dorothy Babcock, Assistant in Business Administration.

Our Deans

Mr. Fritzemeier

Miss Horner

To guide the students through Oak Park and River Forest High School we have eight deans, one for boys and one for girls in each of the four classes.

Miss Pring and Mr. Seymour welcome all of the Freshmen and work and plan to get each started "on the right foot." Miss Ball and Mr. Fuog prepare the Sophomores for their roll as upperclassmen through conferences and careful guidance. The Junior Deans, Miss Griswold and Mr. Cady, conduct a series of placement tests designed to help the Juniors evaluate their aptitudes and plan more successfully for the future. Then in the fourth year Miss Horner and Mr. Fritzemeier, give advice and recommendations to Seniors about their college and vocational plans. Mr. Sohne works with students from all classes and has charge of the Placement Bureau that finds work for many.

Through their four years in high school all students are in contact with a dean who will help to answer any questions that arise and give advice about any problem.

The Board of Education

In any effective organization a governing body sets policies and makes major decisions of all kinds. For Oak Park and River Forest High School this governing body is the Board of Education.

The men and women who are members of the Board give generously of their thought and their time to plan for a high school that will be a credit to the community and reflect the high standards that the people of Oak Park and River Forest want to maintain.

The Board Represents the Community

faculty. As Superintendent he has recommended to the Board of Education those people who have come into this school to help maintain our educational standards and attitudes. Through careful selection of these faculty members, Dr. Youngert has helped to build a teaching staff capable of leadership in our various departments.

As we all know, Dr. Youngert a year ago announced that this year, 1956-57, would be his final year as Superintendent at Oak Park and River Forest High School. We are sincerely sorry to see him leave. Faculty members and students alike have gone to his office to discuss all sorts of problems, and always they have found a man with a talent for listening—and for separating the essential from the non-essential. His penetrating analysis and forward-looking judgment have won him national recognition, but always Dr. Youngert works with individuals as individuals. Often he helps discover not so much the "answer" to a problem as the "key" to the answer so that the actual solution can belong to the individual. This is administration of the highest order.

All of us are grateful for the experience of working with Dr. Youngert, and we wish him and Mrs. Youngert well in all of their plans for the future.

Dr. Youngert is a leader in education.

Dr. Eugene Youngert

Dr. Youngert Completes His Work . . .

During the last sixteen years, since June 16, 1941, Dr. Eugene Youngert has been our Superintendent. Under his direction our school has grown in accomplishment and standing, and all over the country the achievements here have been recognized.

Dr. Youngert has worked to enlarge and enrich the curriculum. He has maintained high standards, and he has introduced varied courses to fill individual needs. In several departments he has established "accelerated courses" that make college-level work available to high school students capable of mastering it.

Dr. Youngert has also given his attention and support to another sort of building. In his sixteen years here, the school plant has been greatly improved. Seniors will remember that within the last four years the fieldhouse has been enlarged and remodeled, and the heating plant brought up-to-date. Before that, the entire main building was rewired and the lighting system was renovated, the front hall and the corridors were modernized, the auditorium was rebuilt and made fire-safe, and many classrooms were improved. The total building program is not yet complete, but Dr. Youngert has worked on fine plans for the future.

A third sort of building in which Dr. Youngert has been successful deals with the

Mr. Gilman Lane

. . . *With Appreciation*

More than anything else a yearbook is a picture book, and for many years at our school Gilman Lane has supervised the pictures for Tabula.

"Let's ask Mr. Lane to take a picture of it."

Each year for more than thirty years people all over the school have said this, and for all of that time Mr. Lane, and the photography staffs that he has trained, have responded by putting on film a record of the events and the organizations and the scenes that make up school life.

Mr. Lane, who is a member of the Industrial Arts Department, is a person whose approval means a great deal. If he says that a picture is good, you know that it is good; if he says that a layout needs to be changed, then you know that it needs to be changed. He works with discrimination and a sure sense of artistic values, and the people who work with him learn from him.

It is with real affection and respect that we on staff dedicate this volume of Tabula to Mr. Lane.
